I would assume so since that make the grammar work, but if so, why are "tree ring data" and "ring widths" listed separately? Incidentally, during the dispute about what should be released in response to FOI requests, Jones's university said: . I don't think I could intentionally write as poorly as these authors . It doesn't point to any wrong doing or anything interesting. This paragraph However, I don't care. There were dozens of people. Now apparently they're at it again There are two possibilities: One critical part of these reconstructions is the present day temperature record. Cindy rated it it was amazing Nov 05,
