From almost the moment Aida is reported missing, Anne must endure the suspicion of strangers, all too ready to condemn her for any real, perceived, or even imagined action that has led to her daughter's disappearance. An absorbing book that Light on the Water found increasingly drew me in as the tension and layers of complexity built around the central character, a mother whose autistic child disappeared while in her care. We make decisions and are carried along by them, while at a slower pace our minds are processing their implications. To learn more about Amazon Sponsored Products, click. It's a fascinating autobiographical portrait of 's bohemian - literary New York. It is unflinching and provocative in its examination these issues.

The story also touches on refugees and other outcasts from society's fringes. As the book progresses, more layers of her past history are revealed, providing a clearer basis for her decisions and motivations.
