Good and bad things still happen to me. However, I think your feedback loop hypothesis is interesting but imperfect. AmazonSecondChancePassiton,tradeitin,giveitasecondlife. In a system of individual beings making choices, a feedback loop is established. If one is to accept Discussions with a budding atheist we are the result of generations of genetic mutations and natural selection, how can an argument in support of karma be taken seriously. Skepticism is not the stubborn refusal to believe something, it is the need for convincing evidence in order to believe .
