Make it a real name so the persona feels like a real person. Never miss a story from Analytics for Humans when you sign up for Medium. Originally written Feb 27, The result will be a better experience for the customer and a more engaged user. This post was updated in April for accuracy and comprehensiveness. Then brainstorm ways you can help. You can also run search engine ads using Google and other platforms. As mentioned above, marketing personas will vary from company to company, and coming up with these goals and challenges, you can also identify the ways in which you can help customers meet these goals and overcome the challenges. It is recommended that you make three to five personas to represent your audience; this number is big enough to cover the majority of your customers yet small enough to still carry the value of specificity.
