From my window, I have a wonderful view down the valley to the edge of the city. He raised the question whether it might be desirable to invite two prominent Russian scientists to witness the test.

Only small outlying districts in the southern and eastern parts of the town. We find ourselves closer to these latter views; we can propose no technical demonstration likely to bring an end to the war; we see no acceptable alternative to direct military use. To get out into the yard, we were treading on the shattered glass barefooted. Estimates made by ourselves on the basis of groups known to us show that the number of dead is not too high. We went with. After we have had a few swallows and a little food, Fathers Stolte, Luhmer, Erlinghagen and myself, take off once again to bring in the family.
