The mud is not always dependent on the spring. Helicopters have been proven as a very useful means of transportation through, actually over, jungle and forested areas; Vietnam was, of course, the testing ground for. As the forests shrink, neighboring countries will turn on each other for this resource in order to appease their populations.

While it does not hamper the use of air power, it does slow, and sometimes stops

In the film, the diamonds are the currency that is used to fund illegal weapons deals, and are used to fund the construction of the Icarus space weapon. If a general desired to be a successful actor in the great drama of war, his first duty is to study carefully the theater of operations so that he may see clearly the relative advantages and disadvantages it presents for himself and his enemies. Navy would opt for secrecy and send in a smaller force, such as the U.

From Wikipedia, the free encyclopedia. Similarly, there have been few major texts on military geography published specifically for a civilian academic audience since the early s. The portrayal of the use of the diamonds that come out of Africa holds true in many cases.
