And it's real simple. So he developed his own logic of warfare that involved smaller, more frequent skirmishes and avoided major engagements that would risk his entire army. It is the greatest feat man has to accomplish.

The capture of another army left the British without a new strategy and without. But, behold what followed! The radical or patriot Whigs based their imperial vision on trade and manufacturing instead of land and resources.

This led, in part, to broader, more popular resistance. The treaty effectively turned a colonial rebellion into a global war as fighting between the British and French soon broke out in Europe and India.
