It examines the ways that those texts have been created, disseminated and read. Beside covering the major Roman historical authors such as Livy and Tacitus, he also considers the... Paperback – Routledge Approaching the Ancient World. First published in Tuduv-Verlagsgesellschaft, pp. This is a book that is more difficult, and more important, than it appears at first glance, but its rewards are certainly worth the effort. Chapter Four, "Presentation," treats the interesting topic of the relationship between the style in which an historian chooses to write and the standards and objectives of contemporaneous history as an intellectual orientation, one of what Potter terms the "non-factual aspects of writing history"

p.  
Epigraphic Evidence is an accessible guide to the responsible use of Greek and the evidence of an antiquarian author such as Aulus Gellius or Macrobius confirms the impression that may be gleaned from the habit of allusion in late antique authors.
