The only reason why I gave four stars and not five is simple. DNS records typically translate a domain name to an IP address. Jul07,RubenFonsecarateditreallylikedit. It offers a fast track into various hacking techniques used in real world cases. Jun 22, Chad Zody rated it it was amazing. As a cookbook, this has a lot of good ideas. Whencombinedwithyourowncreativityandplayfullnessthere'snoendtojus recommend this for anyone looking to get more comfortable coding python scripts to automate some tasks.
