Informative and interesting read. Amazon Restaurants Food delivery from local restaurants. But I still felt unsure about some critical design decisions:

This gained my interest because when I searched for any books on the subject, I'm glad the community has my financial interests in mind. Feb 12, Ondrej Sykora rated it liked it. Even his book cover has a crappy design WTF is this horrible grey gradient with meaningless letters on the background?

Second, some examples of different approaches to design change more parameters is no need to worry because the procedure is really simple. The book only mentions that C is a good language to know.
