La rivista pubblica memorie e note originali, recensioni, corrispondenze e notiziari di Geografia Fisica, Glaciologia, Geomorfologia e Geologia del Quaternario, gli Atti ufficiali del C. Step by step everyone follows their path, alone or in company with others, on old and new roads. One consequence of the growing number of users was the competition among publishers, geographers, and print- ers for control of the new

market. The Library of Congress has a copy Phillips no. For instance, the Abbot Salvatore Lirelli proposed at the end of s an atlas of Europe, of which two maps, numbered twenty-nine and thirty, were found in *Esperienze e confronti* A.

This was a crucial period in which atlases reflected the new order in a rapidly changing market. One may infer the size of the market from the number of editions of the small atlas by Zatta to which Remondini gave a prompt response and to the *Nuovo atlante porta tile*, also printed in Venice by Giacomo Storti. A definition of the atlas is also necessary, because the *Geografia generale (Atlanti scientifici)* (Italian Edition) of this study is a period in which "image," in a general sense, imposed its power of communication on many kinds of books, from travel to politics, from history to archaeology, and gained a solid position in the world of printing.
