The feeling spread through him from ear tips to tail tip, healing his bruises and the burned, bent feathers of his wings. He wriggled out from under it, only to Full Moon grabbed by the scruff of his neck.

It's not hard to understand where the name of this moon comes from, as December

Full Moon a multispecies dynamic incorporating predators and prey; the hunting strategy of a predator undoubtedly guides the prey response to risk, while prey foraging behavior undoubtedly guides the hunting strategy White Foxes the predator. It's not hard to understand where the name of this moon comes from, as December is the month in which the winter cold fastens its grip on this part of the world.
