Things like money, status, and security, that you thought were important from your 3rd Dimension perspective will no longer have value. We felt that we were conveyed in a gentle embrace to the higher frequencies.

It is most important during these times that you maintain your energy at the highest level. Experiencing life in this 3rd density, overcoming its restrictions, and moving into 4th dimension living is the reason for your incarnation. This is another big change: The collapse of man made structures is playing out against a background of energies coming to Earth from distant sources. Among the souls within the group the roles may shift in each incarnation, so that I say, yes, all is energy, but Earth controls all that is natural and she is dictating what will be on her new world.
