### **thinkingvisually - seeing the big picture**

People who don't think visually often have a hard time imagining the mental lives of those who do. By thinking, I mean conscious planning.

### **The Power of Visual Thinking | Think Visually Studios**

Visual thinking, also called visual/spatial learning or picture thinking is the phenomenon of thinking through visual processing. Visual thinking has been.

### **Visual thinking - Wikipedia**

Language is a marvelous tool for communication, but it is greatly overrated as a tool for thought. This volume documents the many ways pictures, visual images.
